

## Air cargo and logistics company resolves print controlling and monitoring issues with Sharp MFPs and Accounting Software.

### The Challenge

Air cargo and logistics company who has multi-location setup in India provides air cargo services to customers. They carry out huge volumes of printing for cargo-related documents. There is no track on print usage which leads to misuse of personal printing.

### Technology Solution from Sharp

Sharp has provided 5 nos. (MX-4070V -2, MX-M464N-3) of Sharp MFPs with Accounting Software and Follow Me (Print from any location). These MFPs can print from smartphones with the Free Sharp Desk Mobile App (iOS, Android) available on the App Store.

Relying on used copier machines, prominent air cargo and logistics company who has offices across India faced issues with print controlling and monitoring. With the help of Sharp A3 Color & Mono Laser MFPs combined with Accounting Software they were able to overcome those issues.

### Industry

Air Cargo & Logistics

### Challenges

- Print controlling and monitoring
- Print quality
- Follow Me Print at various locations

### Solutions
