

## CLOUD DATA MANAGEMENT COMPANY RESOLVES SECURE PRINTING AND OKTA INTEGRATION CHALLENGES WITH SHARP MFPs AND COST RECOVERY SOFTWARE.

### The Challenge

Cloud Data Management company based in Bangalore was facing issues monitoring their print environment. Any traditional print management solution would not work as they are using OKTA as identity platform, instead of Active directory. They were looking for a solution which can integrate with OKTA and provide easy "one-click" deployment of the printer driver.

### Technology Solution from Sharp

Sharp has provided 6nos. of MX-2651 of Sharp MFPs with Papercut Cost Recovery Software to provide central reporting and Follow Me (Print from any location). Papercut solution also integrates with cloud based OKTA identity management platform. With Papercut print deploy functionality, IT managers are able to deploy the fully configured printer driver to all the user Laptops centrally.

Cloud Data Management Company was facing challenges in managing print infrastructure without physical server. With Sharp A3 Color MFPs, Cost recovery & Print Management software, which is capable of OKTA integration, they were able to solve this challenge.

### Industry

IT Cloud Data Management & Data Security

### Challenges

- Secure printing Solution.
- OKTA Integration of Printers.
- Centrally pushing the fully configured driver with OKTA configuration.
- Central reporting and Print wastage reduction.

### Solutions

Combination of Sharp A3 Color MFPs and Papercut Cost Recovery Software with Centralized Monitoring Facility, serverless print release & OKTA Integration.

### Benefits

- Complete Monitoring of Print usage.
- Central Print Deploy Functionality.
- OKTA Integration of MFDs for secure printing.
