Insurance company resolves productivity, scanning issues with Sharp MFPs and Sharpdesk Document Management Software.

Relying on existing MFPs and separate scanners, an insurance company that has offices across India faced issues with scanning multiple documents and compiling them together. With the help of Sharp A3 Mono Laser MFPs combined with Sharpdesk Desktop Document Management Software, they were able to overcome those issues.

Industry

Insurance

- Scanning
- Document management
- Combining documents
- Secure printing

Solutions

Highest configuration of Sharp A3 Mono MFPs and Sharpdesk Document Management Software.

Benefits

- Productivity increase
- Better file management
- Efficiently combines various file formats

The Challenge

An insurance company who has multi-location setup across India provides direct insurance broking for corporate and retail customers and offers a range of products for the non-life and life segments. Their work involves scanning various documents and combining together the complete insurance application, approval of the policy document and filing and retrieving data as and when required.

Technology Solution from Sharp

Sharp has provided 4 no. of MX-M265NV MFPs with Sharpdesk Desktop Document Management Software. The Sharpdesk is just like having a personal assistant; it helps you efficiently collect, store, organize, view, edit, modify, print and distribute data.
