

## Housing company resolves print controlling and monitoring issues with Sharp MFPs and Accounting Software.

### The Challenge

They are into development of properties in residential, commercial and retail sectors across India. The customer has many individual MFPs and printing is an integral part of their work process. Tracking and monitoring the user-wise print usage was a big challenge for their IT administration.

### Technology Solution from Sharp

Sharp has provided 7 nos. (MX-3060V -3, DX-2500N-4) of Sharp MFPs with Accounting Software & Access Card Authentication and Print from Anywhere.

Relying on individual laser printers/un-secured network based MFPs, a housing company who has offices across India faced issues with print security. With the help of Sharp A3 Color Laser MFPs combined with Accounting Software and Access Card Authentication, they were able to overcome the issue.
