

## Large public school implements Scan to Cloud and Print from Cloud using Sharp High-End MFP.

### The Challenge

School teachers were facing the issue of sharing class material and content to students in real-time after completion of the class. Scan to Cloud and Access Print from Cloud were the challenges.

### Technology Solution from Sharp

Sharp has installed MX-3060V with Cloud Connect integrated with public Cloud platforms. This enables a high-speed scan to Cloud and accessing files from Cloud for printing.

The pandemic has transformed school education and how they access virtual platforms to interact with students. Sharp has given a solution with the MFPs enabled with Cloud Connect.
