

Telecom Service Provider Resolves Secure Print and Cloud Access for Print & Scan through Sharp Color MFP and Cloud Connect.

The Challenge

Telecom Company that has a multi-location setup across India provides telecom services to several corporations. Accessing Print & Scan to Cloud is critical and they needed a space-saving and compact solution. Services to corporates need space saving compact Color MFP.

Technology Solution from Sharp

Sharp has provided 3 units of Color MFP BP-30C25Z with the Cloud Connect. With this, they were able to access print from the Cloud through the MFP touch panel and Scan to Cloud directly. Additionally, the Secure Print with Access Card Reader helped minimize touch during the pandemic.

Relying on existing entry-level MFP, a telecom service provider, who has offices across India, faced some serious issues with Secure Print and Cloud Access. With the help of Sharp Compact Smart Color MFP with Cloud Connect, they were able to solve the problem.

Industry

Telecom Service Provider
