# *Pioneering* a simply better life

We are an ISO 9001:2015 certified and wholly owned Indian subsidiary of SHARP Corporation, Japan a company with over 112+ years of legacy. SHARP India is supported by a well-trained sales and service force, delivering superior, original, and innovative solutions to the people with a host of market-leading B2C products. We are dedicated to improving people's lives by providing cutting-edge solutions with a complete range of Smart Home Solutions.

With presence in over 10 cities, and over 500+ channel partners, SHARP is committed to being the no.1 quality brand in India by providing innovative, quality, and reliable home products for a "Simply Better Life" for our customers. We are committed towards minimising the environmental burden, through the effective implementation of the e-waste management process under our environmental policy and strong business ethics. After all, we at SHARP are not just working towards making a better business, but also a better world.

# SINCE 1912

# Setting the right *standards*

## No. 1 Refrigeration Appliances Brand in ASEAN

SHARP is proud to be recognised as the No. 1 Refrigeration Appliances Brand in the ASEAN region—a testament to the trust and loyalty of millions of households. This recognition reflects SHARP's consistent commitment to delivering high-performance, energy-efficient, and user-friendly refrigerators that meet the evolving needs of diverse markets across Southeast Asia. With a strong presence and a deep understanding of regional preferences, SHARP continues to lead with innovation and reliability.

## 50 Years of Fridge Innovation

With a legacy spanning five decades, SHARP has been a pioneer in refrigeration technology since its first refrigerator rolled out. For 50 years, SHARP has consistently introduced innovations that enhance freshness, optimise storage, and improve energy efficiency. From advanced cooling systems to unique features tailored for modern living, every SHARP refrigerator is a result of relentless research, customer insight, and a passion for progress. This milestone marks not just years, but generations of trust and excellence.

## **BUSINESS PHILOSOPHY**

We do not seek merely to expand our business volume. Rather, we are dedicated to the use of our unique, innovative technology to contribute to the culture, benefits and welfare of people throughout the world.

It is the intention of our corporation to grow hand-in-hand with our employees, encouraging and aiding them to reach their full potential and improve their standard of living.

Our future prosperity is directly linked to the prosperity of our customers, dealers and shareholders - indeed, the entire Sharp family.

## **BUSINESS CREED**

Sharp Corporation is dedicated to two principal ideals:

### ***"Sincerity and Creativity"***

By committing ourselves to these ideals, we can drive genuine satisfaction from our work, while making a meaningful contribution to society.

**Sincerity** is a virtue fundamental to humanity; always be sincere

**Harmony** brings strength; trust each other and work together.

**Politeness** is a merit; always be courteous and respectful.

**Creativity** promotes progress; remain constantly aware of the need to innovate and improve.

**Courage** is the basis of a rewarding life; accept every challenge with a positive attitude.

### **A passion passed down from our founder**

“Make products that others want to imitate.” These words, spoken by Sharp founder Tokuji Hayakawa, exemplify his management concept of contributing to society through the company’s technologies and manufacturing. This concept is realized by being the first to make products that meet the needs of a new era and by becoming a corporation that is known and trusted by society. In 1973, Sharp articulated this spirit in the company’s business philosophy and business creed. This spirit has been passed down continuously over the generations, ever since the company’s founding over 110 years ago.

# *Innovative* cooling solutions for modern homes

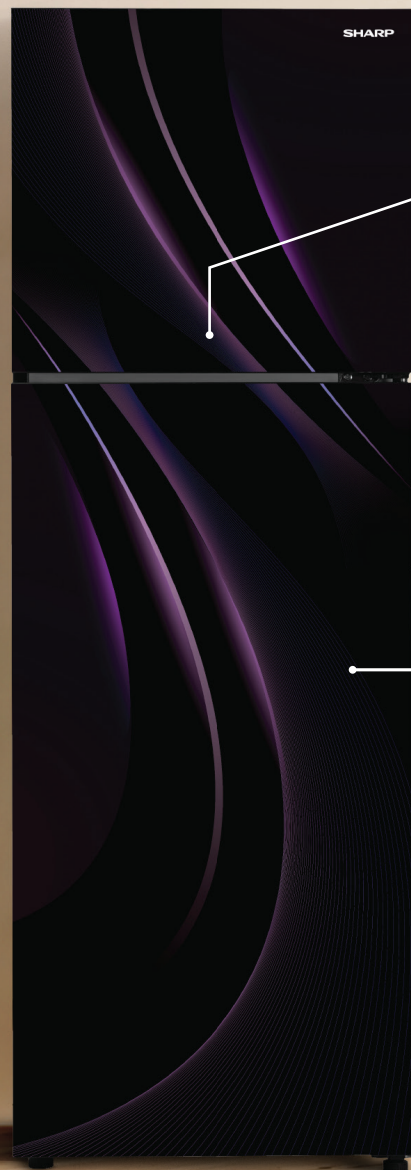

Since our inception, SHARP has been a pioneer in the electronics industry, known for our commitment to quality and innovation. With a history spanning decades, we continue to lead the way in creating products that enrich the lives of our customers.

At SHARP, our commitment to innovation extends across all our product categories, ensuring that every solution we offer enhances convenience, efficiency, and lifestyle. Our refrigerators embody this philosophy, delivering advanced cooling technology, superior energy efficiency, and elegant designs that seamlessly integrate into modern homes.

## DOUBLE DOOR REFRIGERATORS

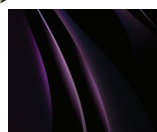

### MEGA FREEZER

With a massive compartment, you can go big on cold storage, whether it's nuggets, frozen fries or processed meat, storage space is no more a problem.

### HI-TECH INVERTER

Achieving up to 26% energy savings, this innovative solution not only optimises your power consumption but also fosters a sustainable future.

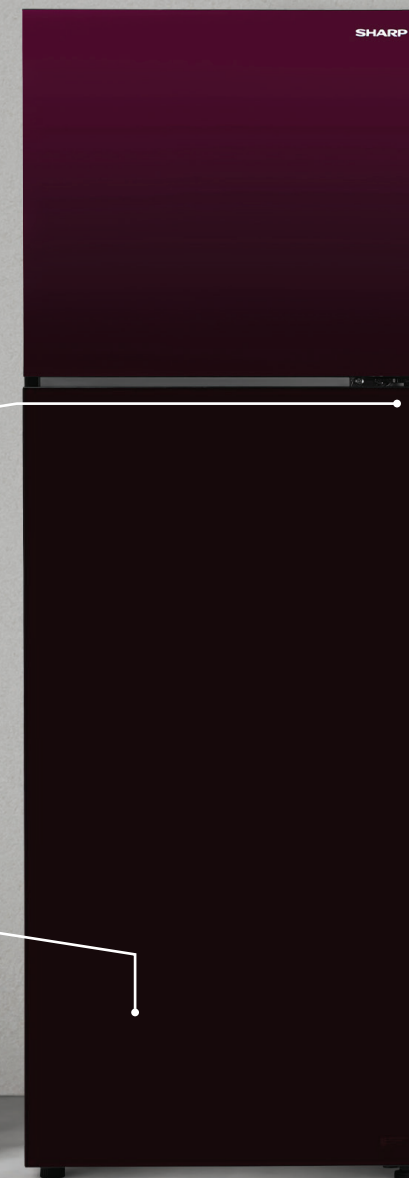

### ISI CERTIFIED MIRROR GLASS

The smooth and reflective glass finish adds a dash of style and finesse. It's designed to compliment your exquisite tastes.

### LARGE VEGETABLE BASKET

Too busy to go vegetable shopping every day? The Big Vegetable Bucket gives you the flexibility to store more vegetable and fruits for longer

## SINGLE DOOR REFRIGERATORS

### FAST ICE MAKING

Enjoy chilled moments without the wait. The Fast Ice Making feature quickly freezes water into ice, perfect for sudden guests or unexpected cravings.

### ISI CERTIFIED MIRROR GLASS

Our refrigerators don't just work the best, they boast a look to match. An exquisite glass finish on the front door makes for a sight to behold.

### ANTI-FUNGAL DOOR GASKET

Restricts the survival and growth of any fungi that are common at home, especially around food items and cooking areas

### THE BIGGEST VEGETABLE BASKET

Our refrigerator boasts of the biggest vegetable basket with a capacity of 21L. You'll never run out of space for healthy veggies.

## MINI REFRIGERATOR

### **TOUGHENED GLASS SHELVES**

Strong and durable, these shelves can hold heavy utensils with ease, offering both safety and convenience.

### **STABILISER-FREE OPERATION**

Protects the refrigerator from voltage fluctuations, ensuring steady cooling without the need for an external stabiliser.

### **RECESSED HANDLE**

A sleek and modern design that adds elegance while offering easy grip and smooth door operation.

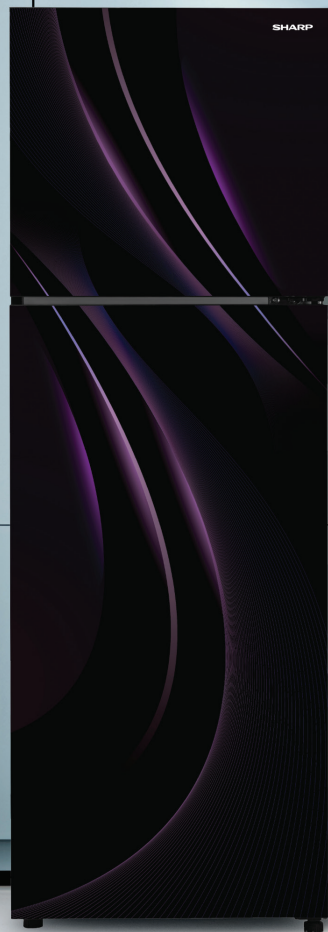

### **CONNECT HOME INVERTER**

Keeps your refrigerator running during power cuts by seamlessly connecting to your home inverter.

Stylish and  
spacious *cooling*

## DOUBLE DOOR REFRIGERATORS

### **SJ-FF335V2-GMW**

TOTAL CAPACITY: 285L  
2 Star

- 7-in-1 Convertible Mode
- Hi-Tech Inverter
- Toughened Glass Shelves
- ISI Certified Mirror Glass Finish Door
- Large Vegetable Basket
- Recess Handle
- Connect Home Inverter
- Twist Ice Maker
- Active Deodoriser

# Power of Seven Shields

## FIRE SHIELD

### 6-Sided All-Metal Enclosure

The design of the metal enclosure for the inverter's outdoor Circuit board meets USA safety standards (UL Standard).

### Additional Electrical Coating

The circuit board has a protective coating that improves electrical insulation and reduces the risk of sparks and fire.

### Safety Terminal Board

To ensure safety, the power supply is cut off if the temperature surrounding the terminal board becomes too high.

## CORROSION SHIELD

### Micro-Channel Heat Exchanger

The copper heat exchangers used in Sharp air conditioners are resistant to corrosion, ensuring reliability and energy efficiency.

## DAMAGE SHIELD

### Drop Tests

Sharp conducts drop tests to determine how well its packaging can stand up to impact and protect the product inside from delivery-related damage.

## LIGHTNING SHIELD

### Lightning Protection Circuit

Sharp uses a lightning protection circuit to keep the product safe from power surges and voltage spikes, ensuring it stays protected during sudden electrical changes.

## VOLTAGE SHIELD

### 230 V Operation

Sharp air conditioners can provide operation at a low voltage of just 230 V, even in areas with unstable voltage.

## VIBRATION SHIELD

### Connectors with Locks

To ensure safe operation, all Sharp air conditioners use high-quality, Japanese-brand connectors.

### Vibration Tests

Sharp conducts vibration tests to ensure that the quality of Sharp air conditioners will not be affected by even the roughest handling during delivery.

## SQUALL SHIELD

### Wind and Rainproof Casing

The durable design of Sharp air conditioners protects them from damage brought on by the winds and rain that can occur during downpours and thunderstorms.
